

Names of Citizen Scientists:			Low Tide Time:		Date:	
Location:			Observation Start Time:			
Site Exposure	<input type="checkbox"/>	Exposed (occasionally exposed to full Atlantic storm waves and mostly bedrock or large boulders)				
(check one)	<input type="checkbox"/>	Semi-exposed (never gets full force of Atlantic storms waves and is bedrock to smaller boulders)				
	<input type="checkbox"/>	Sheltered (bedrock to boulder to cobbles to sand and gravel, perhaps some mud				
		and never getting the full force of Atlantic storm waves)				
Substrate Type	<input type="checkbox"/>	Mostly bedrock				
(check one)	<input type="checkbox"/>	Mostly boulders (rocks too large for one person to easily throw/move)				
	<input type="checkbox"/>	Mostly boulder, cobbles, and gravel (very large rocks to small rocks				
	<input type="checkbox"/>	Mostly cobbles (rocks smaller than boulders), with gravel, sand, and some mud				
All measurments in meters and centimeters ex. 13.2 m						
Mid-Bed Transect:		Bed Width #1:		Bed Width #2:		Bed Width #3:
Circle or fill in your observations		<b>Quadrat 1</b>	<b>Quadrat 2</b>	<b>Quadrat 3</b>	<b>Quadrat 4</b>	<b>Quadrat 5</b>
